### C21

Zurich was shocked when he arrived downstairs, because Xing Beihan was also in the dining room. Zurich said, "Well, what a coincidence. You came down to dinner." "There's only one restaurant here," Xing Beihan said. "I'm not here to eat, so where are we going to eat? Or do you not like to see me?"

Zurich said, "Why would I not want to see you? I'm just surprised that I didn't see you in the morning. Why would I see you in the evening? Do you only eat one meal a day?" "I eat a few meals a day," Xing Beihan said. "That's my problem."

"Also, don't be surprised where I am, because this is my home, I can go wherever I want." Zurich said, "Okay, I'll remember, then I'll start eating." When Zurich opened his meal, he was stunned.

Zurich said, "Is this my meal? "Are you all mistaken? Why is it not the same as before? Isn't this change a bit too big? It's just a common taste, just some ordinary dishes. Are you sure that I can eat these?" Zurich asked in disbelief.

The butler said, "Young Mistress, you didn't see wrong. This is the meal I've improved for you. Do you still like it?" Zurich said, "Yes, of course I do, but didn't you say that all the good things you did before were for the sake of getting pregnant?" So are these the same. "

The butler said, "Young Mistress, this one is different from the one before. It's not for you to recuperate. It's just ordinary food." Zurich said, "Really? Can I really eat these? " The housekeeper said, "Don't worry, you can definitely eat these."

It was at this moment that Xing Beihan said, "Why did I change your meal?" "Are you still surprised?" Zurich said, "Yes, how can I not be surprised? Previously, the butler told me that I could only eat food like that in order to successfully conceive a child, which would be of great benefit to my body. "

"The steward arranged all of this for you after consulting a doctor," Xing Beihan said. "The doctor said that if you keep taking one kind of food, it will have the opposite effect on your pregnancy. That's why he prepared this for you, and why the steward always improves your meals in the future."

Zurich said, "That's right. I thought it was something. " "You're uncomfortable every few days," Xing Beihan said. "How could the housekeeper not care?" Zurich said, "Well, well, I'll take care of my body. "Also, I'm hungry now, so I'll, I'll eat first."

As he finished, he wolfed down the food. Seeing Zurich being such an indecent eater, Xing Beihan actually felt like looking at him. Thus, he forced himself to remain calm. However, he found that he could not remain calm, so he said, "You take your time and eat. I'm already full." Then he left without looking back.

Zurich, on the other hand, continued to eat as if he hadn't heard. Because it was the first great dinner he had ever had here. When the steward saw his mistress acting like this, he said with disdain, "He really can't be on stage. If someone else saw this, they would really lose face for their young master."

Zurich didn't care what they said as he continued to eat. He finished all the food in a short while and walked upstairs satisfied. It was also the first time that Little Ice had seen Zurich act this way and stupefied himself.

When Xing Beihan reached his room upstairs, he muttered to himself,

"What's wrong with me?" Why does it feel so cute to see him eating? Why do I have this idea? Zurich is not a good place to be, no matter how big or small you are, no matter why you are here. There will be a sliver of good will towards him. "

Xing Beihan couldn't figure out what was going on. He saw Zurich return to his room as well. After Zurich had eaten and drank to their heart's content, Xiao Yue followed them into the room. She said, "Young mistress, your way of eating is so funny. Those who don't know how long you've been hungry for."

Zurich said, "Is that so? Is it that funny? I always eat at home like this, it's just a few days ago, I don't really like it, so I ate in a very elegant manner, and now it's just my own nature.

Xiao Yue replied, "How could that be? You did not see the way that butler looked at you, as if he was looking at something. These big families focus on appearance and appearance." Zurich said, "What about Xiao Yue? I forgot about this matter. Do you think that the butler will come up and scold me? "

Xiao Yue said, "How could it be Young Mistress? Even if he wanted to say something, he wouldn't wait until today, because is the Young Master still inside the house? " "That's right," Zurich replied. "Today is my ovulation time. Tonight, Xing Beihan is coming to my room again. I almost forgot about it. "

Xiao Yue said, "Young mistress, if you forget, the butler will come to remind you. Isn't this the main purpose of the housekeeper? Why do I feel like he wants you to have a baby earlier than Young Master? " Zurich said, "Yes, almost everyone here is looking forward to my early pregnancy."

Actually, I can understand the steward's feelings. Women like me who are

born without a birth, who have no looks, who have no body or body, are just tools. I'm already very happy that they can treat me so well today, so what else can I ask for.

Xiao Yue said, "That young mistress, actually, I don't really know how to comfort people. "Anyways, does young master want to come to your room today? If that's the case, then I'll leave first. I won't disturb you anymore." Zurich said, "Since you've been busy all day, you should get some rest. Also, remember to tell Little Ice to bring my pajamas over, I want to take a shower later. " Xiao Yue left after hearing Zurich's words.

At this point, Zurich wanted to finish his meal, but there was nothing left to do. It was best to wash himself clean and wait for Xing Beihan to arrive. He then went in to take a bath, looked at the time, and saw that Little Bing had almost brought the clothes over. Thus, he went in to take a bath with ease.

When Xing Beihan saw Zurich take a shower, he didn't want to deal with the files because he hadn't been able to see anything on the camera that day. After Xiao Yue passed on Zurich's message to Xiao Bing, she went back to her own business. After hearing what Xiao Yue had to say, Xiao Bing knew that her chance had come!

So she went to get Zurich's clothes, and when she brought them to her room, she saw that Zurich was still in the shower, and grumbled in her heart, "This Zurich is so funny, he doesn't make a fool of himself for a day, it's like he can't get by.

"Just look at his appearance. If he isn't outstanding, then forget about it. Today, his way of eating is really too scary." There was also the young master, and the way he looked at her today was very different. If it wasn't for his meticulous observation, he wouldn't have noticed her at all. Zurich the bitch, the bitch. "

As he spoke, Little Ice lost his temper. He picked up Zurich's clothes and threw them on the ground, stomping on them with all his might. Dirty clothes were like her enemy. All of what Little Ice had done was completely cut down by Xing Beihan. Xing Beihan hadn't thought that Little Ice would be so bold.

He had only wanted to seduce her, yet she actually bullied her master? How could she stay in his home with such a heavy pressure? If this were to continue, wouldn't it be a complete mess? If he hadn't installed this camera in Zurich's room, how could he have seen how terrible this maid's situation was?

He saw that Little Ice was still unhappy after venting. He didn't know where he had gotten it, but a lot of dregs had been put into Zurich's clothes. Xing Beihan's expression immediately grew more and more serious. After placing the clothes on the bed, she folded them again and placed them on the bed.

Then he said, "Young Mistress, I've brought you your clothes and put them on the bed. I've folded them for you. You can just put them on when you come out." Zurich heard it and said, "Okay. Now that the clothes are here, you can go out if you have nothing to do."

This was exactly what Xiao Bing wanted to hear, so she said, "Alright, Young Mistress, I'll take my leave first." Zurich could not believe his ears. Was this still Little Ice? He had never been so modest towards him before. Was the sun really rising from the west today?

After Xing Beihan discovered all of this, he felt that he really didn't care about his family's affairs. Otherwise, how could something like this happen? Then there was the caretaker's negligence, and what had happened to him recently. He even picked a man with a venomous heart.

"If he treats his master like this in the future, what use would there be for this servant?" Xing Beihan was truly angry. To think that someone would do something like this right under his noses. It seemed like he really needed to deal with his own family's behavior.

Zurich had taken twice as long to shower as before. He had only taken a short shower before, but he didn't want to see Xing Beihan again. Now that he thought about it, he felt uncomfortable thinking about how he had told him to get lost last time. He had never been shouted at like this since he was young. Even his parents had never been so cruel to him.

## C22

Xing Beihan already knew who was in Zurich, so he called the housekeeper over. "Butler, take a look at what's going on in young mistress's room." Then he gestured to the butler to look at the camera. The butler saw that Little Ice had tampered with Zurich's clothes and understood Xing Beihan's intentions.

Therefore, he said, "I am very sorry about this young master. I didn't know that this servant would do such a thing to Young Mistress. Since you already know about it, then I will definitely not hold back. Please do not worry young master, let me handle this matter. "

"No," Xing Beihan said, "I'll deal with him." As for the reason I called you here today, it is to tell you that Zurich is now my wife in name, and I still need him to carry on my line of descent, so I hope that nothing will happen to him here. The people beside Young Mistress were chosen by you.

"What's that called? That's right, it's called Little Ice. You can tell what kind of person he is with a glance." But you still arranged for him to be with the young mistress. You are a smart person, you should know what I want to say. "On the account that you've followed me for so many years, let's just forget about this matter today."

The steward hadn't thought that Xing Beihan would say such a thing to him. He couldn't help but feel unhappy. What magic does this Zurich have? When he first picked it, he didn't find anything useful about it. He only had one thing in his heart, and that was that he was obedient.

However, he didn't expect that after becoming the young mistress, not only did he not listen, he was even very curious about the matters at home. He even wondered if he had seen the wrong person. Then, he looked at the attitude of his young master. The steward felt that he had chosen the wrong person.

So he quickly said, "Master, I understand what you're saying. I didn't think about it too much. I am willing to be punished. " "It's fine as long as you know what's wrong," Xing Beihan said. "I believe you'll know what to do next. As for punishment, that's fine." "He's old, after all."

Then the housekeeper said, "Young master, you see today is the period of young mistress's ovulation. Do you want to go to Young Mistress's room? Young Mistress hasn't gotten pregnant in the last month, so you must continue to work hard this month until Young Mistress gets pregnant. " "I understand," Xing Beihan said. "I'll be there shortly. Go and prepare."

With that, the butler left. When he came out of the room, his face was covered in sweat. Even now, his heart was still thumping. The young master had never spoken these words to anyone before. Today, it was all for the sake of a young mistress in name.

If so, he would have to be more careful with his mistress in the future. This time, he had found a servant to do something disrespectful to her, and if he found out that it was him, then even if he didn't blame her this time, he wouldn't be able to explain himself next time.

The butler could not believe what the young master had said to him today. It was unbelievable. Meanwhile, Xing Beihan hadn't come out even after he saw the steward out and Zurich take a shower. He could not help but smile. He seemed to know why Zurich was not coming out.

At this moment, Zurich was out of the room. Because of the previous lesson, this time Zurich carefully checked his clothes to see if there was anything else on them. He didn't expect to find these scraps under his clothes. What was going on?

After saying that, Zurich called Xiao Yue and Xiao Bing in. "Xiao Yue, look at why there are some unclean things on my clothes." Xiao Yue said, "Young mistress, let me take a look. Wow, it's true, this time it's even more terrifying than last time. Who could be so bored?"

Little Bing said in disdain: "Who knows? When I took it out of the laundry room and walked all the way here, I didn't look at it. Zurich said, "You've always been in charge of my clothes. Now that there's a problem, of course you'll be suspicious. "

Little Bing said, "Why not? Why am I suspicious? I'm in charge of your clothes, but I only took them to the laundry room to let them wash. Who knows what happened to them in the middle? You can't be so certain that it's me, Young Mistress. "

Zurich said, "I suspected you the last time, but if you won't admit it, I'll just let it go. However, he never expected such a thing to happen again. Today, young master has also said that he would thoroughly investigate the last time. Now that the two matters are put together, if the young master finds out, you won't let him off either! "

Zurich was truly infuriated. He had been lucky to be able to see through so many problems last time, and this time, it was a serious observation. He had been disrespectful to Xiao Bing since the day she followed him, and he had even accomplished the task that was assigned to him.

Xiao Yue saw that Zurich was angry, so she said, "Young Mistress, please calm down first. Just leave your clothes in my care. I promise there won't be any problems, I'll definitely check them when I bring them to you. As for Little Ice, just don't let him do this in the future. "

It was at this moment that Xing Beihan arrived. He had been watching the show from his own room for so long that it was time to take care of this matter. He said, "It seems that I didn't come at the right time. It's so lively here." Zurich didn't expect Xing Beihan to come at this time.

Thus, he said, "Why did you come at this time?" "I still need to see the time," Xing Beihan said. Zurich said, "No, of course not. Alright, all of you can go now. I'll tell you guys if there's anything else I need to say to you tomorrow. " When Zurich saw that Xing Beihan had arrived, he immediately sent them an order to leave.

It was at this moment that Xing Beihan said, "Why didn't you say anything when I arrived?" Didn't they say that it was very lively just now? What exactly happened? Xiao Yue, tell me, what happened? " Xiao Yue heard the young master tell her by name, so she recounted the whole story!

Xing Beihan knew exactly what had happened, but he pretended he didn't. He did it because he didn't want Zurich to know he was monitoring her. After Xiao Yue finished speaking, Xing Beihan said, "What did I take it to be?" So it's this matter again. "

To Zurich he said, "How do you plan to settle this?" Zurich said, "It's not a

big deal. "As long as it's just a small matter and a small matter, then it's fine." Xing Beihan had thought that Zurich would come up with some way to resolve the situation. In the end, he had only said so.

He said straightforwardly, "Little Ice has a certain amount of responsibility for this, no matter who's in the wrong. What his master had instructed him to do was not done well. I believe that before you people came to work in our house, the steward told you about your responsibilities. "

"Now that something has happened, of course you guys can't escape. You don't have to come here to work for that Little Ice anymore." "If you take your money from the housekeeper, then go back. I don't need someone like you here." Little Ice didn't think that Xing Beihan would want to expel her.

She quickly cried and said, "Young master, I know I was wrong. Young mistress, can you give me a chance, I know I'm wrong, I'll definitely send it after I check it out, and try to prevent this from happening again. I really know I'm wrong, don't drive me away, I only have this job, I still have parents to support at home."

"If we lose this job, our family will have no income. How can we treat our parents' illness? I beg you! "

Then she began to cry. Xing Beihan pretended as if he hadn't heard Qin Lie's words. If that was the case, who knew how many times he would have to admit that he had done something wrong and continue acting pitifully.

And Zurich, hearing Little Ice's words, felt sorry for him. Similar to his previous self, he was forced to work for the sake of his parents' illness to earn money. Thinking about how he was too angry just now, he could only say such heavy words. Actually, he had no ill intentions at all.

"If everyone does something wrong and prays to be able to keep them," Xing Beihan said at this moment, "then what else do I have to hire people for? I don't care about your family, but since you've done your job, then just do it properly for me."

"I will not accept useless people here. "If you can't even protect your master, then what can I do for you? What can you do for others? What can you do for others, they can even do better than you." After seeing the truth in front of him, Xing Beihan knew that Little Ice really couldn't stay alive any longer. He didn't know what else would happen, so he said such words.

Zurich, on the other hand, had only suspected the truth. If he had wronged someone, it would have been his own fault! So he asked, "Is that Xing Beihan thing really that serious?" At the point of expulsion. There shouldn't be any big problems, right? "

"Since I've already said that I'm going to investigate this matter," Xing Beihan said, "I'd rather kill someone by mistake than let it go." These are the little things that appear on your clothes these days, just in case there's a needle or something next time. "Then what are you going to do at that time?"

"Just because you treat others well doesn't mean they treat you well. I did it for your own good. Wait till you know what's going on. "Don't worry, leave it to me."

## C23

She turned to Zurich and said, "Young mistress, I was wrong, I really was wrong. Please don't kick me out of my house. I need this job. "If we don't have this job, our family will die. Young Mistress, I really beg of you!"

Seeing Xiao Bing like that, Xiao Yue couldn't take it anymore and said, "Young Mistress, look at him. "You definitely know that you're wrong. He

might not have done this. Young Mistress, just give him a chance, I believe he'll fix it." Zurich heard that even Xiaoyue thought so.

"Xing Beihan," he said, "since Little Ice is our first offense, please let him go. He's not the one who did this." Nothing has happened to me, and I want to learn this lesson. Little Bing will definitely not make the same mistake again, so just let him stay. "

"If all the servants rely on this to beg you," Xing Beihan said, "then what's the use of putting the rules there?" I'm trying to seek justice for you, but instead you're asking for someone else's help. " Zurich said, "Nothing happened to me, after all."

"I admit that I did mind before. At one point I thought someone was doing this to me. But if everyone treats me like this, even if you expel all of them, it doesn't mean that the rookies that are recruited in the future won't do anything more excessive to me. "

"It's better to let him go than to have less troubles. If I do it again, I won't say another word. " Xing Beihan didn't expect this woman to be so kind, but that wasn't wrong, but someone like Little Ice definitely wouldn't forgive her.

"Since Zurich doesn't want you to accept my kindness, then I won't pursue this matter any further," Xing Beihan said. "But if I don't kick him out, that doesn't mean I'll let him off the hook." He would ask the butler to punish him.

If not, you can just leave. There is no lack of punishment, after all, it is his responsibility. The one who is in charge of this family is me. Zurich I hope you will not regret this in the future. When Xiao Bing heard that she could stay, she hurriedly said, "Thank you, Young Mistress. Thank you, Young Master. I will do my best to serve you in the future."

"I will never forget your great kindness. "Young Mistress, don't worry. I'll definitely check your clothes later on and give you a guarantee that nothing like today will happen." Zurich said, "Well, as long as you know your wrongs, it's fine. From now on, be careful when you do things. Just because I can protect you once doesn't mean that I can always protect you."

Xiao Bing replied, "Young Mistress, don't worry. I will remember your kindness. And don't worry, I will cherish the opportunity you gave me." Xing Beihan couldn't be bothered to listen to Qin Lie's bitter drama, so he said, "Since there's nothing else, you can leave."

With that, Xiao Yue and the rest sensibly left, as they knew what day it was. After everyone had left, Zurich said, "Thank you, thank you for not expelling Little Ice." "If you have any family matters," Xing Beihan said, "you can look for a housekeeper. I've already told him about them." She won't make things difficult for you in the future. "

"Also, since you have already married me, you are the mistress of this family. No matter what kind of deal our marriage involves, you are the mistress of this family, and you have the right to take care of the family's affairs. Zurich said, "Didn't we say that before we were married? I'm just ... coming to have children."

Xing Beihan said, "It's true that our agreement doesn't include this, but I hope that you can help the housekeeper with some family matters. After all, he's old, and there are many things that he can't handle." "Since you're sitting in this position, you should act like a young mistress. You can't let those servants bully you, or else how others will look at me."

Zurich had originally been very happy to hear this. It proved that Xing Beihan was willing to admit to it, but after hearing the following words, he realized that Xing Beihan had only asked him to deal with the goings-on for

the sake of face. Otherwise, he wouldn't have helped him find out who was making fun of him. He was putting on too much of a show.

Thus, he said, "Don't worry, I will do my best to do my best." "It's good that you know this," Xing Beihan said. "It doesn't matter if outsiders know you're here, you're the only one in this family besides me." I don't want anything to come out that shouldn't. "

Zurich said, "Okay, I see. "I will consult the butler when I have time." "Alright," Xing Beihan said. "We've been busy the entire night. We can rest now." It was not the first time that Zurich had remembered what was going to happen next, but he blushed at the thought of what was going to happen next.

But what was different was that today's lights were not turned off from the outside, so Zurich asked curiously, "Don't they have to turn off the outside lights today?" "What," Xing Beihan said, "do you really want to turn off the lights?" "I remember that you didn't like it when you first met me. You even had a nice chat with me."

Zurich blushed and said, "It's not what you're thinking. I'm just curious. After all, I have seen your face before. So it makes no difference to me whether I turn out the lights or not. The only difference is that it's very inconvenient to get up at night with the lights off. "

As Zurich spoke, the lights were suddenly turned off. "Didn't they already turn them off?" Xing Beihan teased. You were in too much of a hurry. I'm not in a hurry for anything, but I'm still saying that you really want me to come over. " A wicked smile appeared on Xing Beihan's face as he finished speaking.

Zurich's face grew even redder. "Oh, no," he said. I thought, I thought they forgot. " Hearing Zurich's words, Xing Beihan pressed her down on the bed.

"Did you have to wait?" he asked. Let's start now. Don't worry, I'll be very gentle this time. "

With that, Xing Beihan began to caress Zurich. Zurich, on the other hand, relaxed after hearing Xing Beihan's words and completely handed him over to Xing Beihan. Xing Beihan, on the other hand, didn't say anything about the weird name that Zurich had missed.

Zurich slept soundly that night, and it was the happiest night he had ever had. Just like the previous times, Xing Yuhan was nowhere to be seen the next day. And Zurich was not surprised. That Little Ice had become exceptionally diligent today. It made Zurich feel that he had left the right person.

What Zurich didn't know was how Little Ice could have so easily changed his original intentions. It was all just for Zurich to see. Little Ice actually hated Zurich very much. The more Xing Beihan cared for her, the more jealous she became. Furthermore, after leaving the room yesterday, she had gone to find the housekeeper and had been given a good beating.

Xiao Bing, on the other hand, kept all of this in her heart. Xiao Bing had become smarter, and she had done things too impulsively. Without a plan, she had to endure it for now. If anything happened to it, she was afraid that Xing Beihan would kick him out. If that happened, she wouldn't be able to get anything.

After suffering through hardships, she would become a great person. It was precisely because she understood this that she buried her hatred deep in her heart and took her opponent by surprise! Zurich was pure and innocent. How could he have known that an ingrate would appear beside him? And all of this was caused by him.

It occurred to Zurich that he had forgotten to take the pill, that he had to eat it

within twenty-four hours after each session, and how long had it been since then? Aiya, how could I have forgotten such an important matter? So he said to Xiao Bing, "You go out first, I don't need to clean my room today. You just received your punishment yesterday, so you should take a good rest today. "

Xiao Bing didn't like to clean up his room, but she still remembered what happened yesterday, so she said, "Young Mistress, this is my job."

"Just let me do these things properly, otherwise, I will feel very uneasy. If it wasn't for you pleading for me yesterday, I don't even know where I would be right now. My family will definitely be in a difficult situation." I really don't know how to repay you. "

Zurich said, "What do you mean, not repaying? I know all about you. When my parents were sick, when I didn't have any money, I felt that God really wasn't fair to me. "The current you is so similar to the me back then. Looking at you is like looking at the me from before."

Xiao Bing said, "Young Mistress is fine. I was very rude to you before, but I won't be in the future." "Before, I just didn't understand why you could be a young mistress just because you were born to be like me, and I could only be a servant girl, so I felt very uncomfortable. But now, I know that the difference between you and I is really too great."

Zurich said, "There's no difference. I'm just lucky." Little Ice actually didn't know that she had lied, that tiger man was stunned. Even he was shocked by his acting. Seeing that Zurich now believed him, he thought that he was right.

Zurich originally wanted to take the pill secretly, but since Little Ice didn't want to go out, he was extremely anxious. If he took another pill after some time, it would be useless. But he couldn't bear to talk about Little Ice. Finally,

he thought for a while and said, "Xiao Bing, I'm hungry now, can you help me see if my food is done? Help me call Xiao Yue. I have something to talk to him about. "

## C24

Xiao Bing could see that Zurich was trying his best to get rid of her, so she said, "Alright, I'll go tell him now." Zurich let out a sigh of relief when he saw that Little Ice was gone. Then, he quickly took out his hidden pill.

He hurriedly ate it. When he saw that there was no water in the room, he could only forcefully swallow the medicine. Zurich's face turned ugly. At that moment, Xiao Yue came in. When she saw Zurich, she quickly said, "Young mistress, what's wrong with you?"

Zurich could not speak at all. He could only point to the words he wanted to express. When Xiao Yue saw the water on Zurich's finger, she realized that she was going to drink water, so she quickly went outside to pour water and give it to Zurich.

Zurich drank the water before replying, "It's a good thing Xiao Yue had you, otherwise I would have been stuck today." Xiao Yue replied, "You scared me to death, seeing such a scene just as I entered the room, if it weren't for my quick reaction. I'm really afraid that something is going to happen. "

"Oh right, what did you just eat? "How could he be stuck like this?" Zurich said, "I didn't eat anything." Zurich did not want to tell Xiao Yue about this. Xiao Yue saw that Zurich did not want to answer this question. He didn't continue to ask about it. All of this was clearly seen by Little Ice, who was peeking from the outside.

Xiao Bing's face broke into an evil grin as she thought, "I've finally got something on my mind this time. How good can it be if I steal something to eat?" Inside the house, Zurich and Little Le did not know that the

conversation between them had been clearly heard by someone who wanted to know what was going on.

Zurich said, "By the way, why didn't you come this morning? Why is it Little Ice here?" Xiao Yue said, "It was Xiao Bing who wished to show her gratitude in front of you. She said that she wanted to thank you for helping her yesterday, so I let him come." Zurich said, "Well, I thought you were."

Xiao Yue said, "Actually, I also admire you for what happened yesterday. Young master, that person did not even dare to go against the butler, and yet you actually went against him!?" But who would have thought that Master Xiao would agree to it and would not be angry! " Zurich said, "Is that so? I'm just saying what I think, and I'm going to have to go against him. "

Xiao Yue said, "Anyway, after what happened last time, the servants at home are now extremely respectful to you. Those who used to stand above others, now they don't even dare to be impudent towards you! Even I was treated a lot better than before. I'm just basking in your light. "

Zurich said, "Actually, you don't have to say that. If my luck wasn't that good, maybe I would also be a servant. If my master were to humiliate me like that, I wouldn't know what to do. I believe that Little Ice won't make any more mistakes like he did before. "

"If you know your wrongs, then correct them. There's nothing better to say." Xiao Yue said, "Young mistress' words are still reasonable. I have not been to school for a few days, but I think what you said makes sense. I will definitely serve you loyally in the future. You can rest assured." Now that breakfast is ready, I'll take you down for breakfast. "

Zurich didn't object. He placed the pill back in its original position and followed Xiao Yue downstairs. Zurich didn't notice until he went downstairs.

These servants were acting very differently from before. However, he could not tell what exactly was the difference.

When Zurich sat down, the butler came forward and said, "My lady! The meal this time, I had meticulously improved it and told them to make it for you. If it's not appropriate, you can tell me and I'll let them continue changing until you like it. It will definitely be done to your satisfaction. "

Zurich was flattered. He said, "Butler, you're too polite. Actually, I don't have anything I don't like. I'm just tired of eating that one dish. Actually, I'm not picky about food at all. Just don't let me keep eating the same food. "

The butler said, "Okay, I will pass down these orders. Also, if any servant is disrespectful to you, you can also come and find me. Leave everything to me, I definitely won't let something like yesterday happen again. " Zurich never knew that the butler would be so respectful to him.

After that, he directly started to eat. Because he was truly tired last night, his appetite today could be said to have been broadened. It was truly a fragrant meal. Furthermore, today's dishes were especially to his liking. The steward had thought that his young mistress would be a bit more reserved when she was eating. Who would have thought that she would be the same as before?!

He said, "If it wasn't for young master's instructions, how could I have been so subservient to this woman? The more he looked at it, the more he despised it. It was no different from a country bumpkin. However, he couldn't talk about him, so he could only keep it in his heart.

After dinner, Zurich went straight upstairs. As he was going upstairs, the butler said, "Young mistress, the young master told me to give you a monthly medical examination to see how you are doing. Also, you have to exercise every day, so the amount of time you have to exercise can be reduced a little.

"

Zurich replied, "Alright, housekeeper. I'll be troubling you with everything. As for the exercise, I'll be there later. You can rest assured." After saying that, Zurich went upstairs. Xiao Yue and Xiao Bing also left after Zurich. When the other servants saw that Young Mistress had finished eating, they all went back to their respective jobs.

After going upstairs, Xiao Yue said to Zurich, "Young mistress, you see that the butler treats you differently now. "Before, I always acted as if I was looking down on everyone, and even when I talked, I was disdainful. But now, don't you think I'm being very respectful to you?" "The housekeeper is different to me now," Zurich said, "but I can still vaguely sense that she is only treating me this well on the surface."

"All of this was nothing more than an order from Xing Beihan. He just did as he was told." The only person he truly feared was Xing Beihan. Xiao Yue said, "Who cares who he is in awe of? In any case, he is currently treating you so well. Being obedient like this is a good thing."

Xiao Bing heard the conversation between the two and said, "Xiao Yue, don't say that it's just a superficial phenomenon. "Young Mistress is right, we can't be proud of ourselves just like that. When we should be modest, we should be modest. You should just learn from her properly."

Zurich did not expect Xiao Bing to say such words, and his good opinion of her immediately increased by a lot. "Xiao Yue, look, Xiao Bing has really hit the nail on the head when she sees things! "You f \* cking want to learn from him? That's what you should be saying. Be careful of the walls with ears, one day you will be at a disadvantage."

Xiao Yue pouted and said, "Young mistress, I remember it. I will learn from

Xiao Bing." Zurich nodded in relief when he heard what Xiao Yue said. How could Xiao Bing have spoken up for Zurich? However, that was not what he was thinking at the moment. Why would he speak up for Zurich?

In her heart, Xiao Bing grumbled, "This critical moment in Zurich is pretty smart. Originally, I thought that since the butler treated him so well, she would have a sense of pride in her achievements, exposing her fox tail to others. Who would have thought that he would hide it so deeply.

Little Ice could only go along with what he said. After all, what he said was the truth. He couldn't do anything excessive yet. Being able to win her favor was also a huge improvement. Only then would she be able to bite back at him at the crucial moment. To turn a defeat into a victory was to let him have a taste of defeat.

Zurich saw that Xiaoyue had realized her problem. Therefore, he said, "Alright, the two of you can go back to your own things. I'm going to train now. If you have anything to say, wait for us to do." Zurich went outside to train himself.

Xiao Yue, on the other hand, said to Xiao Bing after she left Zurich, "I didn't expect you to be so smart. In the future, with you by my side, I will be much more at ease. "I am a person who is good at everything, but I have a big weakness, and that is my big mouth. If I say something without thinking, I might offend a lot of people."

Xiao Bing didn't like Zurich much, not even Xiao Yue. So he said in a flattering tone, "You flattering me too much. I am just a bit more steady than you. I am not much better than you. Otherwise, why would I be almost kicked out?" The two of us still have to help each other. "

Zurich had come out to exercise by this time, and what he was going to do

today was different from what he had done before, because this training had become much simpler. Zurich suddenly felt flattered. Just when he was in a daze. The butler came.

The butler said, "Young Mistress, these are the results of your research after consulting a doctor. "It's slightly different from what I used to do. I used to ask you to do those things in accordance with my own old-fashioned way of thinking. I thought I was thinking of the best."

"It wasn't until after I had consulted the doctor that I realized that although my technique was useful, it wasn't of much use, so I modified it to become what it is now. It's simple, effective, and not tiring at all. I think you'll like it."  
"

Zurich is real this time. He had thought that the food and gas would be for him, but he had never thought that there would be such a big surprise here! Zurich felt so happy at this moment, so different from before.

After Xing Beihan left his house in the morning, he had immediately rushed to the company. And even now, he didn't know why he'd done so much to Zurich. Was it simply because he looked like that man, or was it because he'd succeeded in attracting his attention?

When Xing Beihan was working today, he looked absent-minded, startling everyone below him. When did his boss ever lose his mind? Xing Beihan had always been an ice-cold person to the employees of the company, but he had never thought that his boss would also lose his spirit over something else ...

"Thank you so much," said Zurich. I don't even know what to say. " The butler replied, "It's alright. As long as you like it. As long as you get pregnant

sooner." When Zurich heard that he was having a baby, he felt slightly unhappy.

At this moment, he felt like he had just awoken from a beautiful dream. So everything they had done was just to get him pregnant earlier. It seemed that he had been thinking too much. He thought that Xing Beihan had suddenly turned around and was treating him so well, but in the end, it was all to make sure that he gave birth to his child as soon as possible.

The training in Zurich had been rather absent-minded, and had been simple, but he had made mistakes so many times in a row. The butler looked at her anxiously. He wanted to reprimand her, but then he remembered the words the young master had instructed him to do. He could only watch silently from the side and didn't say anything.

Zurich did not know how much time had passed before he heard the butler say that the training time was up. Zurich let out a sigh of relief. Originally, this training was the easiest. Who would have known that he would make so many mistakes? He couldn't even do such a simple task himself, it was too useless.

When Zurich returned to his room after the practice, it was as if he had lost his soul. In fact, he didn't know what he was thinking. He clearly didn't like Xing Beihan, but why did he always feel empty inside? Zurich can't understand it.

At that moment, Xiao Yue came in and saw Zurich talking to her as if he had lost his soul, "Young mistress, what's wrong with you? Wasn't it just to train? Why did he come back like this? "No, they bullied you." Zurich said, "What are you thinking of? Who dares to bully me today? "

"Actually, I'm fine with it. It's just that, I suddenly feel a little homesick. Sigh, yeah, I feel homesick." Xiao Yue said, "So it's like that, I was

wondering what happened to you. I wanted to come in and clean up. I didn't think you'd be back right away. " Zurich said, "Clean up. Oh, well, clean up."

Zurich was absent-minded when he spoke to Xiaoyue. They were all perfunctory answers, but how could Xiao Yue hear them? He simply thought he was homesick. At that moment, Zurich seemed to have thought of something? Usually, he would say to Xiao Yue, "You don't need to clean my bed, I will clean it myself."

Xiao Yue replied, "Alright, I understand." After Xiao Yue finished speaking, she started to clean the room. Zurich was thinking of something else. Xiao Bing then came to his room and said to Zurich, "Young Mistress, Young Mistress." Zurich did not hear him at all. Little Bing was also confused. She had been yelling for so long, but there was no response at all.

Suddenly, Xiao Bing shouted. Zurich came back to his senses and said, "What's wrong?" What's the matter? What happened? " Xiao Bing said, "Young Mistress, I called out to you but you ignored me. I wanted to ask you what's the matter." Zurich said, "I'm sorry you called me, but I was thinking of something else I didn't hear."

Xiao Bing said, "It's fine. Oh right, what are you thinking about? It feels so absent-minded." Xiao Yue interjected, "Young mistress, are you homesick? I asked him just now." Little Bing said, "So that's how it is. I just miss home. If you miss home, you can go back and have a look."

Zurich said, "Actually, it's nothing. "It's just that I don't know why, but I always feel that this life isn't real, and it makes me feel scared afterwards." Xiao Bing said, "What's real and unreal, you just have to do it yourself. You don't need to care about other things. Don't think too much about it for a day, it would be too stupid."

Zurich felt a lot better after listening to her comforting words. Xiao Yue suddenly said, "Yes, yes, if you feel bored, why are there me and Xiao Bing with you? With the two of us accompanying you, if you have anything you want to tell us, the two of us will definitely help you out. "

"Alright, I've packed up. I saw that you've been training all morning, so you must be tired. If you're tired, you can lie down and rest for a while. I'll come up later to call for you when we eat." Little Ice, the two of us will go out first. " Xiao Bing said, "Alright, let's go out and let Young Mistress have a good rest."

After saying that, the two of them left, just after the two of them had left. Zurich ... my heart suddenly feels comfortable. I signed a contract with him before I got married. If I didn't have a contract, how could he have chosen me? As long as he gave them an heir after getting pregnant, he could leave.

Zurich was thinking, when he suddenly heard a scream. This voice was extremely familiar. It was unknown how many times Su Li had heard it. In this family, there was definitely a secret that he did not know about. In the end, who was in that room over there?

Zurich's curiosity was piqued! Although the butler had warned him many times not to meddle. However, he didn't know why, but he always wanted to know the truth. The screams were heard almost every day.

Zurich heard the sound and went out of the room, trying to get to the bottom of it. When they came out of Zurich, they met Xiao Bing. Xiao Bing saw Zurich and said, "Young Mistress, are you rested? You came out so quickly. " Zurich said, "Actually, I don't care. You don't need to rest. "

"Oh yeah, did you hear anything just now?" How could Little Bing not hear this sound? He had been here for so long that he could hear it every few days,

but the butler had already warned them many times that they could not go to the house on the east side without incident.

So he said, "What kind of business is this? Young Mistress, what are you talking about? I've been cleaning up here. There's no sound at all. " Zurich said, "Oh, if you don't hear it, forget it. I'll go out for a walk. Go ahead. "

Zurich went to the other side of the room. After Zurich, Xiao Bing said, "Curiosity kills the cat. Go ahead, I'll go and inform the housekeeper. I want to see what you're up to." After saying that, Little Ice walked towards the butler. All he had to do was embarrass Zurich.

Zurich came alone to the east again. This time, he saw that it was different than before. Before he came, there was no one guarding this place, but now, there were suddenly a lot of people guarding this place.

But now, they couldn't even get through the gate, let alone the small one. Zurich struggled with himself for a long time, and finally came out. When she reached the door, the guard said, "Young Mistress, please wait. You can't come to this place."

Zurich said, "Why can't I come?" The guard said, "This is under the young master's orders. No one is allowed in this room. "Then I'll trouble you to go and tell the young master about it, or else, if it's really hard for us servants to do it, please forgive us, Young Mistress."

Zurich said, "The last time I was here, the guard said the same thing. It was exactly as you said. "Could it be that you two were guarding here to guard against me, and that scream was really too ear-piercing, it would be hard for me not to hear it even if I wanted to, so why can't I investigate it?"

The guard said, "Young Mistress, since that person didn't let you in, we

should be in the same situation as he was. I hope you won't be too hard on us. We're just here as guards, so we don't know much about the situation. If you ask us, we won't be able to answer anything. "

Just as Zurich was about to continue, the butler came over and saw him say to her, "Mistress, why are you here again?" Zurich said, "I was attracted by the sound. It was so loud. Who can't hear it?"

The housekeeper said, "Young Mistress, I've told you many times before. I don't want to repeat myself, so I hope you don't make things difficult for the servants here. "It's best if you don't come back in the future. If Young Master knows about this, you'll be very unhappy." Zurich said, "But your young master also said that apart from him, I'm the oldest in the family."

"If that's the case, why can't I come?" Zurich had brought Xing Beihan out at this time, thinking that the butler would let him in. His appearance could be said to be a fox trying to gain power, she was just trying out his might.
